CHRISTIAN CHURCH LADIES GIVE PLEASANT SOCIAL

On Friday night the Ladies Aid of the Christian Church held a social at the Church which was well attended. It was an nprion social the grand idea being to fill the pocket of the little aprons with enough coin of the Republic to donate the size of the waist measure in pennies. Slim ladies and gents of course got off easier than their Falstaffian and embonpoint brothers and sisters, but what's the odds? Diamonds are small but we all know how we missed a sack of sugar recently.

The College Orchestra rendered some splendid music. Mrs. Joe Mitchell and Mrs. George Thinsley gave us excellent ditties in the reading line. Miss Mae Carter charmed us with her inimitable touch on the piano and Miss Heger delighted her hearers with her golden notes of song.

Later on partial aprons were distributed and the idea was to find the lost tribes as it were. Sandwiches and pickles gave a final au revoir and the social had come to end as must all good things, even life.

JOLLY SUPER PARTY

On Saturday night the hospitable G. M. Richards home was the scene of a delightful chile con carne supper party. Mrs. Richards supplied the "fixin's" and Mrs. Fred Burman was employed as chief Mexican chef. Fred Burman was the mozo who carried over the steaming, portable saucepan and did not apill the beans. W. T. Stewart romped in with a load of grape juice and the company was soon masticating the succulent and strength giving bean, meat and "bloomin' ot sauce," the usual accompaniment of this dish.

At the close of the gustatory ceremony Mrs. Richards served candies to the ladies and G. M. passed massive cigars to his fellow creatures, all of which tended to aid digestion and promote clear consciences.

The guests were Mrs. Frank Baldwin, of Franklin, Pa., Mr. and Mrs. M. L. Snuvely, Mr. and Mrs. W. T. Stewart, Mr. and Mrs. Fred Burman and Miss Effie Jump.

CLAY COUNTY FARMS

Clay County has 3,088 farms, the value of which on Jan. 1st, 1920, was \$4,664,367.00, an increase in value over 1910 of \$2,322,346.

There are 3,037 white farmers, 51 colored farmers.

Owners and managers 1,876, tenants 1,212.

Laid in farms total acres, 250,128 improved, 109,492.

Horses 1,348; mules 3,106; cattle 10,625; sheep 4,641; swine 13,683.

The value of Clay County land increased from \$2,322,346 in 1910 to \$4,664,367 in 1920.

This is a very satisfactory showing and proves that Clay County is steadily making material progress.

Drop in to the Advocate Office and buy a Red Cross Button, \$1.00 each.

TUESDAY CLUB

Mrs. G. M. Richards was hostess to the members of the Tuesday Club on Wednesday afternoon, Dec. 1st. Mrs. Guy L. Dickinson, the President presided over the business session. Reports from various committees were given and plans made for the sale of Red Cross Christmas Seals. The subject for study was "Ireland." Responses to roll call were "Irish Witticisms." The following program was given:

"Description of Ireland," Mrs. Oldfield.
"Sinn-Fein and Ireland," Mrs. Sampson.

"The Blight of Ireland," and "The American Question," Mrs. Herndon.
Victrola Number, "Ireland Must be Heaven for My Mother Came from There."

Mrs. Fraak Baldwin, of Franklin, Penn., who was the house guest of Mrs. Richards, took part in the general discussion.

A novel feature of the program was a "little more Irish" in the form of hand painted mementoes, made and presented to each member by Mrs. Oldfield.

During the social hour, the hostess, assisted by Mrs. Burman, served a delicious salad course.

EFFRON-HERSBERG

The marriage of Dr. Julius Efron and Miss Margaret Herschberg took place at Cumberland Gap on Saturday night in the presence of Miss S. M. Bain, cousin of the bride. Justice of the Peace R. W. Brooks, performed the ceremony which made these popular young people man and wife.

Dr. Efron has been a resident of Barbourville for a period of one year. He is a native of New York but has lived most of his life in Kentucky. He spent four years in the U. S. Marine Corps and later when the war broke out, he entered the officers' training camp at Fort Benjamin Harrison, Ind., May 1917. When discharged as 1st Lieutenant he took up his former practice of Optometry. During his stay among us he has built up an excellent practice and has become deservedly popular on account of his many good qualities and also on account of his readiness to take his part in all civic movements for the improvement of our city.

The bride is the daughter of Mrs. H. M. Herschberg and is one of Barbourville's most winsome girls. Her ready smile and charming disposition have made her a general favorite among our citizens and in wishing her every happiness in her new estate they will congratulate the groom on his good fortune in securing such a lovely mate.

The young couple will reside with Mrs. Herschberg for the present.

SURVEYS BEING MADE FOR NEW OIL WELLS

Childs Frick, son of the late millionaire, Henry C. Frick, who died in New York recently, has a corps of engineers on a tract of 9,305 acres of Whitley County land near Williamsburg, part of the Frick estate, and is prospecting for oil well sites. It is the intention of young Frick, it is said, to thoroughly explore this land for both oil and gas. Gas has already been found in large quantities on tract adjoining and several oil wells have been producing in the vicinity.—Louisville Herald.

ALL THE GOLD HE COULD HOLD

It is said that the linen findman caught a Spaniard who had committed many cruelties for gold. They tied him down and poured gold dust down his throat until he was full. He had all the gold he could hold. Yet he was dead. His gold did him mighty little good. Have you bought those Red Cross stamps or are you agitated because you have not all the money you can hold. "Inasmuch as ye did it not unto the least of these my little ones, ye did it not unto me." Lip religion is the cheapest thing existing. Don't be a liar to yourself or to the Almighty. You know perfectly well that you are able to buy Red Cross Stamps and a Red Cross button, but don't want to spend the money. "Thy money perish with thee." Well known words, but too often carefully forgotten. Pay here, or pay in the hereafter. You are your brother's keeper much as you may hate the job. Dig up before you are buried. Other wise no quiet pastures or golden streets for yours.

FOR SALE—About 4 miles of 2 inch Black Pipe with long collars. Will sell entire lot or in small quantities. R. H. NEWITT. 6-51

Sunday, November 21st, he walked down the track toward Barlowville and has been missing since then.

Mr. Smith is badly worried about his boy and will appreciate a card should he be encountered.

J. B. SNYDER RAPS POST

We publish below a letter by Commonwealth Attorney J. B. Snyder on the late charges of election fraud in the mountains. As all the counties charged with fraud are in Mr. Snyder's district he felt it his duty to clean the slate and in our opinion he has done so.

Editor Evening Post:
In the issue of your paper of November 5th and in previous issues you have cast reflections on the Republican majorities given Mr. Ernst over Mr. Beckham and in which you quote the chairman of the Democratic Campaign Committee, Mr. Grayot as saying that "the apparent majority for Ernst was secured by monumental frauds in certain of the mountain counties." I also find in same issue of your paper, in the list of mountain counties impugned as fraudulent, the three counties of my district, viz: Knox, Whitley and McCreary, and I concern myself, as a public official, in your statement so far as it affects these three counties. The machinery of the court of which I am prosecuting attorney is always open to investigate and try any cases of fraud practiced in this or any other election, regardless of whether the offenders be Democrats or Republicans. But the evidence you hint at in your paper would not even black paper against anyone on this charge, as neither of the majorities in either of the three counties above mentioned is double the majority given Morrow. For instance, Whitley gave Morrow 3,060, but in this election instead of doubling her majority only gave Ernst 5,618, and the other counties are on the same basis.

The Hon. Ralph W. Gilbert, Congressman-elect from the Eighth district, was sent here to inspect the canvass of the returns on yesterday, by the Democratic managers, and the grand jury was in session at the time and, being desirous of finding out if there was any irregularity in the vote of this county, called before Judge Gilbert as a witness, who stated that he had failed to find any irregularity in the vote of this county. Republican managers in Whitley and Knox counties have stated that they court a rigid investigation of the same in these counties.

Now as another evidence of the "inflated" majorities from the mountains you state that certain Democratic speakers received a most cordial reception at one place, and left with unprecedented enthusiasm prevailing, but Beckham got less votes and Ernst nearly 1,000 at that place. This is nothing strange as this was the old time mountain hospitality manifesting itself, as mountain people receive "strangers within the gates" with outstretched arms, but that does not mean that they are going to fall for the "strangers" and vote for or with them. Just for a little comparison, contrast this reception of Democratic speakers in mountains, with the treatment of President-elect Harding in Danville, where, previous to his arrival, his platform was torn down and destroyed and parts of same scattered over that large city. Another instance is interesting, when young Theodore Roosevelt spoke at Pikeville, a Democratic leader and politician belabored himself in successive attempts to break up the meeting.

Now, in conclusion, let me ask you that so far as the three counties of my district are concerned, if you know of any fraud, then put your finger on it, so it can be dealt with, or hush about it. You may give such publicity to this letter as you desire, in keeping with the facts.

Yours very truly,
J. B. SNYDER

INDICTMENT IS FOUND AGAINST JIM THOMPSON

Following their visit to the bedside of Miss Fannie Brasher, Wednesday the grand jury returned an indictment against James Thompson charging him with the assault upon Miss Brasher in the Tri-State office Sunday morning at 1 o'clock. The indictment was based upon the statement of the operator to the jury, who were told the same story as that appearing in the Daily News Tuesday evening.

Not being able to execute bond Thompson is yet in jail. His trial is set for the 14th of March.—Middesboro Daily News.

HIGH SCHOOL NOTES

After an extensive tour along the line of monthly exams, we have happily returned to our normal class studies.

We were all delighted last Friday night at a very pleasant social given at the High School building by the Juniors and Seniors. It lasted from 7 p. m. to 10 p. m. About fifty were on hand and everyone greatly enjoyed the games and refreshments.

On Tuesday the new High School piano arrived. It is a gem. The H. S. boys and Mr. George Tye must accept our heartiest thanks for the lifting and hauling. The High School pupils greatly rejoice over this addition to the equipment and we are glad to lend it to Miss Myra Anis for use in her piano recitals at the H. S. in return for the use of her piano on many occasions.

Mrs. Lula B. Smith spent Thanksgiving Day and the day following at her home in Corbin.

Prof. Buck spent the Thanksgiving recess at Frankfort in a meeting of the City Superintendents.

Miss Petrie spent last Friday afternoon and Saturday in Corbin.

We are all looking forward to the Christmas holidays.

W. B. ANDERSON KILLED

W. B. Anderson, son of the late Boss Anderson, and brother of Dr. V. V. Anderson and Mrs. Naurac Stephens, was killed last week while in the execution of his duty as Internal Revenue Officer at Lexington.

Mr. Anderson and one of the guards were making their rounds of inspection and setting the clocks in the old Pepper Distillery, Lexington, when several men sprang out and ordered the two men to throw up their hands. Instead of doing so Mr. Anderson, who tho of a quiet disposition, was absolutely fearless, pulled his gun and commenced to shoot. The men fired in return and a shot entered his breast just below the heart, killing him instantly. The guard ran to the office and found it in the possession of other thieves who commenced to shoot at him. He escaped, however, and telephoned the police from another point, but on their arrival they were unable to locate any of the men involved.

Deceased leaves a wife and three children, all of age.

ELWOOD T. BAILEY LECTURES

Did you hear Elwood T. Bailey last week at Union College Chapel when the Lyceum number scheduled in the Advocate was given? If not, you missed a treat.

The speaker had not only an engaging personality but he was as full of humor and splendid ideas as a nut is full of meat.

More of our people should take advantage of these splendid numbers. What is the sense of missing the good things of life when they are brought right to our doors? Union College is doing a splendid thing in providing these treats as it provides so many other good things. Life is just what we get out of it. We may end up by clutching the dollar as tho it held the essence of life, or we may have held intellectual communion with the minds that are able to put us in touch with the higher things.

Then there was the music of the College Orchestra, worth the price of admission alone. This orchestra is one of the best things in town, enabling us to hear real music.

Don't overlook the numbers, but turn out and show the College people that we are with them in their efforts to make life brighter and better for us all.

LOGAN INFIRMARY NOTES

Mrs. Dowse McDaniel was operated on at the Logan Infirmary Tuesday for appendicitis. She is progressing nicely.

Gwendolyn Chamberlain, who has recovered from an attack of typhoid fever, was able to be taken home on Monday.

C. M. Powell, of Artemus, recently burned at Frankfort in a railroad accident and who suffered a broken ankle, is doing nicely. He and Woodson Davidson, who is recovering from a crushed thigh, are in the same ward and this keeps them from being lonesome.

BARLAN POLICE FORCE DISCHARGED BY MAYOR

Mayor George L. Pope discharged the city police, of whom J. J. Pace was chief, alleging they were not performing their duty as required by law. This makes the fourth removal or resignation of the police force of the city within a short period. Charges and counter charges are being made by both city officials and police.

RED CROSS NURSES REPORT

The following is the report of Miss Effie Jump, Red Cross Community Nurse. The report speaks volumes on the necessity of the continuance of this work.

665 pupils examined. 13 schools visited. Of these schoolchildren 162 were found with adenoids, 354 with enlarged tonsils, 350 with defective teeth, 6 with contagious diseases. Thirty-three hours were spent in the schools. Dr. G. H. Albright, the County Health Physician, found Miss Jump's services invaluable while making the rounds of the schools.

Christmas Seals are popular.

OUR COMMUNITY NURSE

The report of the Community
Nurse gives us a little idea of the
necessity of having one in town,
but what are we going to do to keep
her? She cannot exist on star dust
or vagrant nir.

The occasions are many when our
loved ones need the presence of a
trained nurse during certain crises
of their illness. There is not a single
graduate trained nurse in town
who is engaged in the practice of
her profession except Miss Jump.
We are in a position to know some-
thing of what she has been doing,
both in country and town. We know
that she has brought comfort to
many during the time she has been
with us. Accompanied by Dr. G. H.
Albright, the Public Health Officer,
she has inspected many of the
school children and has found a lot
of trachoma, which is not only ruin-
ing the eyesight of some of the little
ones but is endangering that of the
others in the school. Many other
ailments have been pointed out and
the parents have been given an in-
telligent idea of what is necessary
that their children may not be hand-
icapped with sickness and commu-
nicate their sickness to others.

In a number of the schools indi-
vidual drinking cups have been in-
stituted.

A number of classes have been in-
structed in hygiene, prevention and
care of the sick.

A public health nurse is a neces-
sity and it is up to our citizens to
raise the money to keep her here.

FOUR NIGHTS ENTERTAINMENT

On Monday, Tuesday and Wednes-
day nights of last week the school
of R. N. Baldwin, located on Smokey
Creek, gave what is perhaps the first
four nights entertainment by a rural
school ever put across in Knox
County.

The program Monday night em-
phasized health—its value and how
to obtain it. Tuesday night's pro-
gram dealt with right conduct or
moral questions. Wednesday night
it was sought to show the value of
an education in the matter of ob-
taining a living. Thursday night was
an educational, aethetical and also
a Thanksgiving program. The key-
word was appreciation.

The four-day sticks by which any
school is to be judged are: Health,
Right Conduct, Livelihood and Appre-
ciation. It was the object of the
teacher to show that this year the
Smokey School is being trained in
such style that when his school is
measured by any one of these yard-
sticks or even by all of them there
will be no shortcoming visible.

Judging from the many words of
praise expressed by the people who
saw these four entertainments it is
safe to say that Mr. Baldwin and his
school measured up fully to the
standards set by the law and the
graded course of study.

"I AM THE HAPPIEST WOMAN IN TOWN"

This Is What Mrs. Phillips Says
Since Tanlac Completely Re-
stored Her Health.

"I firmly believe Tanlac has saved
my life," was the emphatic state-
ment of Mrs. Nettie Phillips, of Meg-
adore, near Akron, Ohio.

"For some years past I suffered
so from a badly disordered stomach
that my life was miserable. When-
ever I ate anything in the way of
solid food it was like a stone in my
stomach, and I suffered perfect
agony.

"I had spells of dizziness, when
black spots would swim before my
eyes and at times I could hardly see.
I slept so poorly I dreaded to go
to bed, for I knew I meant hours of
restlessness before I got to sleep.

"Since I have at last found the
right medicine for my troubles I am
the happiest woman in town. Just
a few bottles of Tanlac have en-
abled me to eat whatever I want and
I never feel a touch of indigestion.

"Those sharp pains in my stomach
and the dizziness and sleeplessness
have all stopped. I have gained sev-
eral pounds in weight, have a
healthy color and feel years younger
in the mornings I feel so strong and
well I am impatient to get about
my house work. My only regret is
that I did not get Tanlac a great
deal sooner, for it would have saved
me a world of suffering."

Tanlac is sold in Barbourville by

UNION COLLEGE NOTES

One of the State Traveling Li-
braries has recently been added to
our working force of books. It con-
sists largely of fiction and is open to
the public.

The teachers of the Baptist Insti-
tute, the High School and Union Col-
lege have recently organized them-
selves into the Barbourville Teachers
Club. The leading purpose of this
club is co-operation in raising the
standards of education in our com-
munity. The first regular meeting
will be held on the evening of Jan-
uary 7th when the problem of our
rural schools as they affect our town
schools will be discussed by Prof.
Humbert of Union College and by
Mrs. Minton of the High School. At
the second meeting, January 28th,
the question of standardizing the
schools of Barbourville will be dis-
cussed. Friends of education are
cordially invited to be present.

On Thursday evening Mr. Bailey
delivered the second number of the
Lyceum Course—a lecture on—"The
Need of the Hour." The lecture was
full of fact, fancy and fun and the
students all enjoyed it from begin-
ning to end. We shall be glad to
welcome to our platform other popu-
lar lecturers of the worth while
type. The orchestra played for a
half hour before the lecture.

Miss Heger went to Pineville Sun-
day evening where she sang at Dean
Ryder's service in the Methodist
Church. We know that Pineville
people were delighted with Miss
Heger.

Another jolly Saturday evening in
the gymnasium closed a very busy
week on our campus. Mr. Trosper
is making the rhythmic games very
popular and the Gym has become a
necessary part of our college life.

Miss Pearl Parsons spent a few
hours with us Saturday afternoon.
She will join the Senior Academy
class after the holiday.

Messrs. Archibald, Lee and Coram
spent the week and at Berea attend-
ing the State Y. M. C. A. Conference.

Mr. Chandler, the town photog-
rapher is busy on the Campus this
week taking the Faculty and the
Seniors all of whose smiling faces
will appear in the Annual at a later
date.

The Senior Academy Class is doing
some strong work in debating every
Saturday morning. Last week they
proved conclusively that the Japa-
nese should be excluded from the
United States. Visitors are welcome.

The Junior Class has taken upon
itself the responsibility of selling
Red Cross Seals. They will run a
contest the girls against the boys.
Union is anxious to do her part to
help blot out tuberculosis, and to
keep Miss Jump in our County.

On Monday evening the Depart-
ment of Expression entertained the
whole school in the Gym. An inter-
esting program consisting of read-
ings and music was given. There
were several funny contests wherein
Mr. Simms proved to be the tallest
man in the crowd, Professor Peavy
to have the largest foot, and June
McDermott to be the most skillful in
hobbing an apple from the tub. All
voted the expression pupils the non-
pareil of entertainers.

On Friday evening of last week
our orchestra enjoyed the treat of
playing for a social at the Christian
Church. Miss Carter rendered two
delightfully brilliant solos and Miss
Heger sang two numbers in her ever
fascinating manner. We feel that we
have every right to be proud of our
musical faculty this year.

Miss Mabel Alloway spent the
week end with Miss Idamie Smith in
Middlesboro.

JOHN COATS GETS 11 YEARS

On Sunday John Coats left Cincinnati, Ohio, for Emanuel to work on the grade with sixteen other negroes. He worked until Tuesday and left. Arrived at Corbin railroad yards, he was rocked out. He then started down the tracks towards Emanuel. Ahead of him were two white girls the youngest of whom was about 13 years of age. When about one hundred yards from the girls, according to their evidence, a train passed and by the time it did so the negro was on a level with the girls. He is alleged to have grabbed both girls and struggled with them for about thirty or forty feet when the younger girl broke loose. Their united screams brought people from a field near by, one of whom was armed with a pistol. Coats ran up the track into a pine thicket and escaped. Later, he met two other negroes who had also quit work. In conversation with them he said he had met the two white girls.
A while afterwards the three negroes met a posse who were hunting the assailant of the girls. On being fired on they crossed the corn field to the hills where they had down. The posse found them and they were arrested and brought to jail Wednesday. The Grand Jury indicted Coats Thursday. He was tried the same morning and sentenced to fourteen years in the penitentiary. Being only sixteen years of age, Judge Rose switched the prisoner to the Green-dale Reformatory.

From evidence of defendant it was gathered that, although only sixteen years old, he had spent seven years in the Reform School at Birmingham for killing a colored boy.

GET MORE BUTTER

Mrs. Hattie Meece, of Glenn, Missouri, says: "I was not making enough butter from my cow's milk production for a family of two. After using Dr. LeGear's Stock Powders a short time, she gave a half gallon more milk a day, and a pound of butter a day."

Dr. LeGear's Stock Powders give to milk cows just what is needed to keep the digestive organs in proper condition so that they can get the most possible good from their feed. Give equally wonderful results when used for horses, hogs, and sheep, because they are a tonic, appetizer and worm expeller.

THANKSGIVING SOCIAL BY THE BAPTIST WOMENS UNION

One of the most enjoyable affairs in the history of the B. W. U. was the annual Thanksgiving Social at the hospitable home of Mr. and Mrs. John W. Hughes on November 25th.

The Thanksgiving colors of yellow and green were used in decorating. Ears of yellow and white corn interspersed with red apples were suspended between the living and dining rooms.

As the guests entered they were conducted to the table in the living room which was adorned with a large vase of chrysanthemums, and here each one was requested to register.

The dining table was beautiful with a centerpiece of fruit surrounded by twelve lighted candles.

Each guest was presented with a lovely Thanksgiving booklet containing the program which was carried out as follows:—

Perfect Day, by Master Lowell Hughes.

Turkey Contest, prize won by Mrs. Mollie Smith Evans, a turkey gobler.

Music by Miss Trahe and Prof. Bunnell.

Love Story Contest, prize won by Mrs. Chas. Jones, a book, "Awakening for You," Riley.

Duet by Miss Myra Amis and Bertrice Hughes.

Geography Contest, prize won by Mrs. J. W. Croley, "Dr. Perryman's Lecture."

Thanksgiving Contest, prize won by Mrs. E. V. Bargo, A Turkey Hen. Partners were selected by matching slips containing old time songs which were later sung by the couples furnishing much amusement.

A delightful dinner consisting of salad, chicken patties, cranberry tarts, pickles, sandwiches and coffee followed by brick cream and cake was served to the sixty-four guests.

Mrs. Hughes says she spent the whole week leading up to Thanksgiving in making preparations for this delightful affair, but all present declared it worth the time given and then some.

Seventy-eight dollars were added to the treasury of the W. M. U.

MENTING IS HELD REGARDING COMMUNITY NURSE

On Monday night the Executive Committee of the Red Cross met at the Court House to discuss the problem of providing for the salary of our Community Nurse.

The salary is \$125.00 per month and there are other incidentals which must be met. As the funds of the Red Cross will not suffice for a continuance of the work, it was decided to take up the matter of providing funds to retain the services of the nurse who is doing splendid work over the county as is proved by the report of her work printed elsewhere in this issue.

The State of Kentucky will donate \$25.00 to the work, Judge J. D. Tuggle, speaking for the Fiscal Court said he was sure they will contribute. R. W. Cole, Fred Burman and Mrs. G. M. Richards were appointed a committee to interview the City Council and ask for funds. D. Minton Mesdames Belcher and Snively were appointed on various committees and Robert W. Cole was appointed to write the coal companies and find out what they will do.

Miss Jump announced the resignation of Mrs. J. R. Tuggle as head of the nursing committee, on account of ill health. In accepting the resignation a vote of thanks for her services was unanimously passed by the committee.

Mrs. G. M. Richards was appointed to fill the vacancy.

Discussion took place on the possibility of finding two rooms for the double purpose of providing an office for the nurse and a room for a traction clinic.

This matter was left in the hands of the chairman, Prof. D. M. Humble, who will seek the best location and report to the Executive Committee.

The meeting left the impression that the funds will be raised and that Knox County will continue to have the valuable services of a trained nurse who will be at the disposal of citizens who may need her services.

Barbourville Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise the voice in praise there is no room for doubt left. Read the public statement of a Barbourville citizen:—

George C. Morris, farmer, says: "I gladly recommend Doan's Kidney Pills. My kidneys were out of order and my back ached and pained terribly. I could hardly do any stooping or lifting and my kidneys acted irregularly, at times being too frequent and then again sluggish. Doan's Kidney Pills soon rid me of the backaches and put my kidneys in good order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Morris had. Foster-Milburl Co., Mfrs., Buffalo, N. Y.—Adv.

HOW TO BECOME A NURSE

Any woman with intelligence and "motherly" instinct can learn to be a practical nurse and earn from fifteen to twenty-five dollars a week. If you cannot spend three years in a hospital or are past the hospital age, study a common-sense book, called "Nursing in the Home," by Lee H. Smith, M. D. This book is written in a way that is easy to comprehend. It will teach you how to recognize different diseases; how to take temperature; how to take care of fever patients; how to give baths; all about the sick room. It treats of burns and scalds, broken limbs, bleeding from wounds (bandaging), drowning, fainting—almost every contingency is covered.

Many pages are devoted to Hygiene, Anatomy, Physiology and Medicine. It contains advice for mothers and tells how to care for infants.

This 500-page book, bound in handsome red cloth, is worth \$2.00 but for a limited time can be secured by sending fifty cents to the publishers, World's Medical Press, 552 Washington Street, Buffalo, N. Y.—Adv.

COURT NEWS

Last week, after the Advocate had gone to press, the decision to postpone the trial of Jack Gilbert and Corb Lewis was reached. We bulletined this fact at the head of the papers still in the office. For the benefit of those whose copies we were unable to reach, we wish to state that the reason for the postponement of the trial was the inability of the defense to get desired witnesses before the Court and an adjournment of the case was asked and granted until the seventh day of the next term of Court. Gilbert and Lewis were again taken to Middleboro jail. While they were here Sheriff R. P. Black had on duty 30 guards and 20 deputy sheriffs to prevent further trouble. All persons entering the Court Room were searched for lethal weapons.

James M. Jackson, vs. John Barton Payne, acting for the President of the United States, was given a verdict of \$80 and costs for the loss of a cow and \$45 for a steer and heifer killed on the L. & N. R. R. tracks during Federal control.

Divorces Granted:
Rosa Kincaid was given a divorce from George Kincaid and her maiden name of Rosa Gregory was restored.

Idu Taulbee was granted a divorce from A. J. Taulbee with permanent custody of the children.

So after January, 1921 I will be compelled to have a man in every precinct to see after the licensing of dogs and all those that haven't had their dogs licensed will be reported and will be prosecuted according to law, which penalty is \$100.00 fine and three months imprisonment or both. Parties owning or harbouring dogs on which the license has not been paid can secure license from County Clerk.

They can either apply in person or by mail. If the latter, be sure and send the following information: Breed, sex, age and color of your dog with the fee of \$1.00 for first male and \$2.00 for each additional male dog and \$2.00 for one female and \$4.00 for each additional female.

According to the ruling of the Attorney General, there is no age limit to be fixed on dogs. A puppy comes under the law as well as the aged dog.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

High Wind Velocity. The highest wind velocity ever observed below ten kilometers' altitude was 83 meters a second or 186 miles an hour, observed from a pilot balloon over Lansing, Mich., at a height of about four and a half miles, on Dec. 17, 1919.

Velocity of Wind. When wind travels at a speed of ninety miles an hour it becomes a hurricane, but it is on record that in tropical countries storms have been known during which the wind reached a velocity estimated at more than 600 miles an hour.

The White House.

John Adams was the first president to occupy the White House, in 1800. In those days it was gray, having been built of Virginia free stone. After the British burned it in 1814, white paint was used to cover the marks of the fire, and since that time this paint has been renewed regularly. The White House grounds within the iron fence contain 18 acres, while the adjoining White House lot has 70 acres.

ALGIERS RICH IN SUNDAYS

Holy Day Observed Three Times a Week by Followers of Different Religions.

Although no fewer than three Sundays are observed each week in Algiers, writes a correspondent, only one could in any sense be called a "day of rest." For while the prophet enjoined his followers to attend worship on Sunday, he warned them against allowing it to become a day of idleness. An Arab or Moor, therefore, will frequently leave his warren unattended in his shop while he goes off to the mosque to pray, and he seldom has occasion to regret this course, cases of robbery being extremely rare. The French Sunday is typically French. The Jew alone makes his Sunday a day of rest, his religion forbidding anything save talking on that day. A walk through the Jewish quarter on the Sabbath will carry one's thoughts back many years. The picturesque groups at the street corners, in their rich flowing robes; will recall many an Old Testament story learned in childhood, for the Jew in his oriental garb has a very different appearance from the Jew as we know him in the West.

HE HAD MISSED SOMETHING

Mr. Gap Johnson Brought to a Realization of His Ignorance of His Surroundings.

"It must be wonderful to live all your life in the midst of the 'Land of a Million Smiles,' where the silvery waters purr and plash and the nymphs frolic all the day!" grieved one member of a party of city motorists who had invaded the Ozarks.

"To live in the—what?—surprisingly returned Gap Johnson of Kansas Ridge.

"Here among the hills and dells of 'The Playground of America.' Look at the advertisement in the newspaper and—"

"Well, I'll be—p'm—dug-d! I never would 'a' believed it in the living world if I hadn't seen it in the paper. I've lived here since I was a kid, and I never knowed nuthin' like these yer dells—dumps. I believe you called em—to be settin' on rocks this-a-way and skyarkin' around with nuthin' in pertekler on but undershirts and smiles. Say, how long has this yer—p'm—business been going on, any-how?"—Kansas City Star.

The Contemporaries of Jesus.

In the New Testament there is no one like Jesus. This is all the more remarkable because to his disciples Jesus became at once an object of passionate love and admiration. Stephen imitates the Lord's prayer upon the cross: "Father, forgive them; for they know not what they do." In the noble words: "Lord, lay not this sin to their charge;" and yet no one would think of imitating the character of Stephen to the character of Jesus.

Among the apostles there is no one to whom in vision, composure, dignity, disengagement from the nonessential in religion, Jesus is not a decided contrast. When we come to the most ardent of the early disciples of Jesus, and his greatest apostle, Paul, we meet more of contrast than of resemblance. John Stuart Mill is completely right when he says that Paul's character and idiosyncrasies were of a totally different sort.—George A. Gordon in Atlantic Monthly.

Ingenuous Motion Pictures.

Motion pictures of construction work in which a large public building appears to rise from the ground like magic, being completed in the ten minutes' duration of the film, are being shown before various engineering societies by government representatives, according to Popular Mechanics Magazine. The structure is the industrial building of the United States bureau of standards, and the pictures were made by exposing a short length of film every day during the ten months of work on the building.

The Handy Airplane.

Just as we have reached the era of national prohibition, a way has been found for reaching Europe in a great hurry. Under the newest development of inventive genius, a thirsty man can hop to the other side, discuss matters of importance with a friend till his words begin to run together and his hat settles permanently over one eye, and then he can get back in ample time to have the headache right in his own home. This is indeed a remarkable age.—Thrill Magazine.

Chickens and Chickens.

"Do your neighbor's chickens bother you any?" asked an East Side gentleman of his neighbor, who lived near a large family.

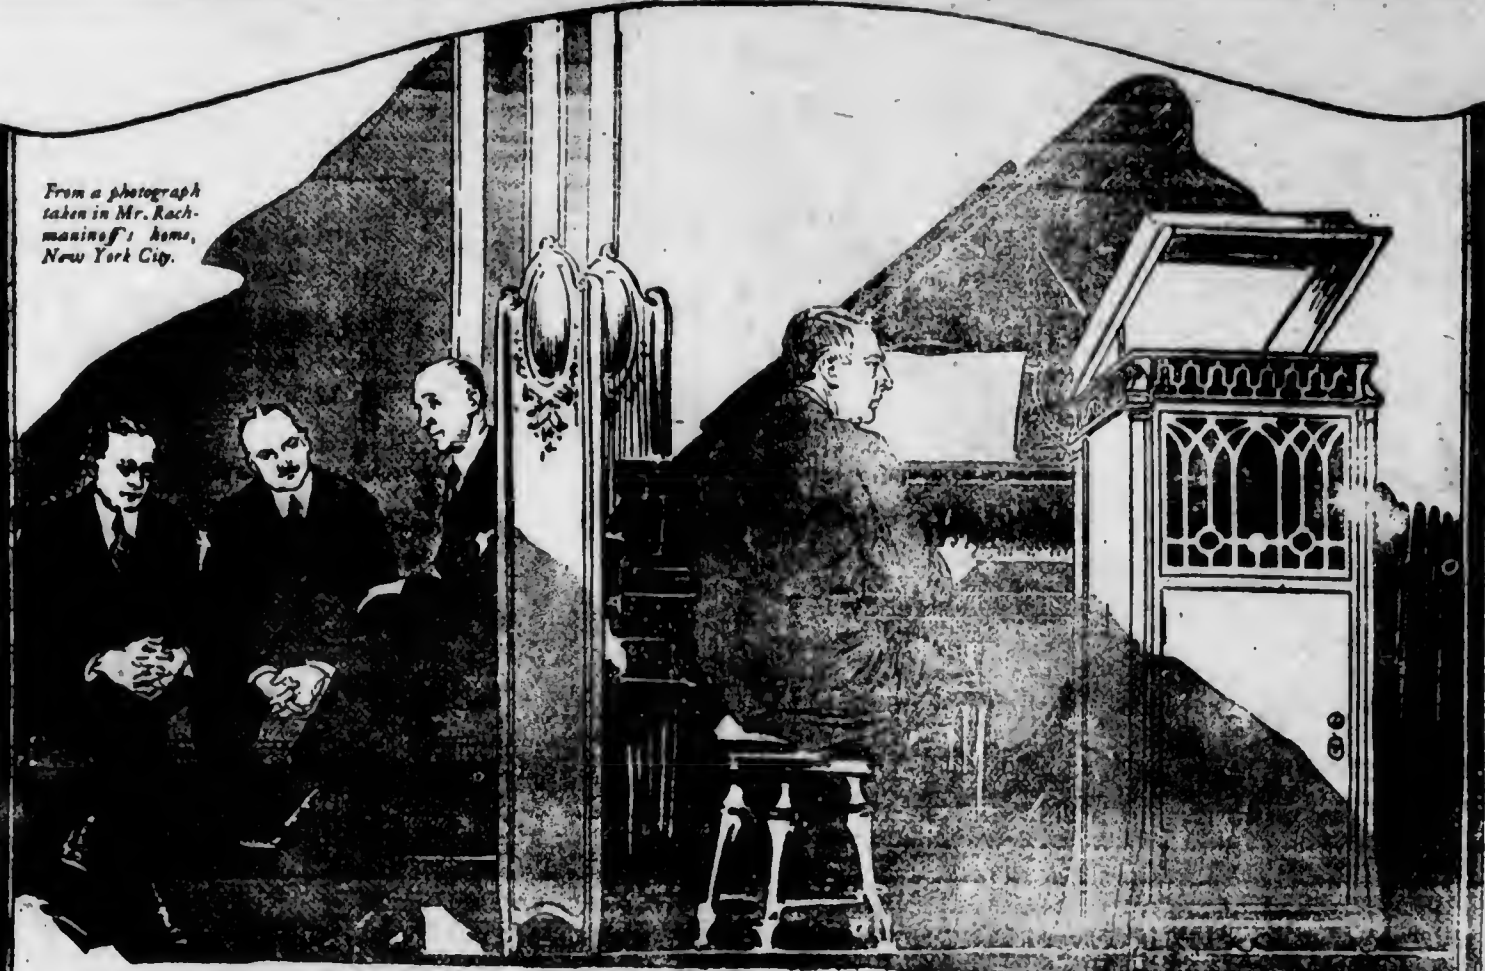

"No," replied the other, thinking that reference was made to the neighbor's three comely daughters. "They go down town every day, so we don't see much of them."—Columbus Dispatch.

Bullets Expelled by Heart.

An interesting fact related by Sir Charles Ballance in the Lancet, London, is that bullets that penetrated the heart were often expelled through the north with the blood and were found at remote parts of the body where they had stuck in an artery.

A Good Thing.

It's a good thing the United States isn't a bank. "Why?" "Think how many vice-presidents it would need."

Come-hear Rachmaninoff on the New Edison

RACHMANINOFF has not only made RE-CREATIONS for the New Edison. He has also made recordings for one of the standard talking-machines.

We are glad to announce that these talking-machine recordings may now be heard. We want you to hear them—and compare! Determine for yourself which gives you the real Rachmaninoff

Let us play Rachmaninoff's Edison RE-CREATIONS for you. Mark how clear, how true the piano tone. See how every note in his runs, every accent in his interpretation, every shade in his pedalling is perfectly RE-CREATED.

This was proved by a test made at Mr. Rachmaninoff's home in New York City. He played the Second Hungarian Rhapsodie (Liszt) in direct comparison with the RE-CREATION of his perform-

ance by the New Edison. The absolute fidelity of the RE-CREATION to the artist's original performance astounded the listeners.

Make the Rachmaninoff comparison. It will guide you right in selecting your Christmas phonograph.

Ask also about our Budget Plan

It brings your New Edison for Christmas without squeezing your pocketbook. Remember, too, that, in buying a New Edison now, you are virtually buying a before-the-war-value with an after-the-war-dollar. The price of the New Edison has increased less than 15% since 1914, and a portion of this increase is war tax. "Edison stood the gaff" to keep his favorite invention within the reach of every one who loves beautiful music.
